All hunters or hunting parties are encouraged to have a Satellite phone. 2009 UNGUIDED ALASKAN BIG GAME HUNTING PRICES BROCHURE

Barren Ground Caribou

These are the largest members of the Caribou family. They have a live weight of up to 500 pounds. When boned out you can have up to 175 pounds of meat. The antlers which can be very large will make an impressive addition to any trophy hunter's collection. Caribou often travel in herds on these tundra covered hills. Both archery and rifle hunters can have a very successful hunt.

The Caribou hunt is highly recommended for the first time Alaska big game hunter. You will experience the rugged Alaskan wilderness and have a very good chance of bringing home a great trophy.

This is the most popular and successful hunt we offer. It is common for our hunters to have a 100% success rate.

MULCHATNA CARIBOU HUNT

This fly-in hunt is on the west side of the Alaska Mountain Range. We hunt all drainages of the Mulchatna & Nushagak Rivers. The Caribou herds we normally hunt have been growing at a steady rate, and have been a consistent producer of trophy animals.

Our fall season is from August 25 through September 30. Drop camp hunts are **\$2,500.00** per person. We recommend 5 to 7 days for this hunt. There is no extra charge for additional animals.

ALASKA-YUKON MOOSE

Over the past few years the bear and wolf population has increased by a large amount. This increase in predators is taking a toll on our Moose population, so for the 2009 hunt season Talon Air Service, Inc. will not do any moose hunts. We are going to specialize in the Caribou hunts only. So if you have wanted to do a Caribou hunt, this would be an exceptional year to go. Talon Air Service, Inc. is going to devote their whole fall hunt season to the tracking and finding of the Caribou herds for the best quality hunt that can be provided.

A note to Hunters: If you have a moose tag and shoot a moose while your on a Caribou hunt "provided the moose season is still open and you are in the right game unit to be hunting moose" Talon Air Service, Inc. will not charge any extra flying fees for transporting the meat and horns back to our dock in Soldotna, Alaska.
